Pathways to Adult Health & Social Care

Are you a kind and caring individual with natural empathy? Do you like working with people?

In partnership with Eleanor Care and Carepoint Services, we are offering a free short course which gives an overview of the different roles, career pathways, and qualifications needed to work in the Adult Health and Social Care Sector.

This is an opportunity to meet the employer with the option for a short work trial; and at the end of the course you are guaranteed an interview with Eleanor Care or Carepoint Services.
